

Deadbolt 2S Metal Grey

The key to greater peace of mind.

The sleek and stylish Deadbolt 2S Metal Grey is a great addition to any door. Enjoy greater peace of mind when you manage your home's access the smart way. Jam-packed with more than enough features to rival the big boys, it's the epitome of style and substance.

UNIQUE FEATURES

MODES OF ACCESS
PIN codes, Bluetooth keys, Mechanical keys

EXIT MODES
Thumbturn

The smartest bundle you'll ever need.

No more unlocked gates or fussing with keys. Purchase the Gate Lock as a bundle with any igloohome door locks for a truly keyless experience. Simple, yet smart.

Looks good, works better.

Keep tabs on when your home has been accessed with activity logs. PIN code logs and battery status are updated when the lock is synced with the app in Bluetooth range. Bluetooth key unlocks are updated in real-time remotely.

Compatible ecosystem products

Sold separately.

Bridge EB1

Take your lock online with the Bridge.

Keypad EK1

One PIN code to unlock all your doors.

Key Fob IEF1

Unlock with just one click.

PRODUCT FEATURES

Auto Lock

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

Security Lockout

Keypad is disabled after several incorrect access attempts to ensure your property is always secure.

Tamper Alarm

The lock will sound an alarm if it is being pried from the door to alert and deter potential tampering attempts.

Volume Control

Adjust the volume according to your preference. Select from levels 0 (mute) to 5 (loudest).

Low Battery Alert

Intuitive audio and visual alerts will prompt you to change the batteries when it runs low.

Emergency Jumpstart

Easily jumpstart the lock with a 9V battery if batteries are drained.

Decoy PIN Code

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

Privacy Mode

Disable all modes of access except the Master Bluetooth key to prevent unwanted entries into your property.

Obstruction Alarm

The lock will sound an alarm if the bolt tongue cannot be extended or retracted fully to alert the user of any obstructions.

Auto Unlock

Your door automatically unlocks when you return home. Never fumble with keys again.

SOFTWARE FEATURES

We're all about convenience.

Set up, operate and manage your igloohome devices with the mobile app. We're putting access in the palm of your hands.

Available on the App Store and Google Play for free!

Powered by our unique algoPIN™ technology.

No need for key handovers, or having guests to download an app to receive time-sensitive PIN codes. It's total freedom from needing a WiFi connection for your lock to work.

Grant access remotely for every visitor and guest. These can be created on the go with our innovative algoPIN™ technology. You can simply share the codes via iMessage, WhatsApp, SMS, and more.

Kept in the loop.

Through the app, you can view activity logs to keep track of the comings and goings within your home.

PIN code activity logs are updated when you sync your app and the lock in Bluetooth range. Bluetooth unlocks are updated in real-time remotely.
